MARYVILLE, MISSOURI, WEDNESDAY, JULY 16, 1913

NO. 37.

## RECORD OF 57 BU.

**BIG WHEAT YIELD ON THE CLARENCE LEEPER FARM.**

## 40 BU. NOT UNUSUAL

**In Addition to the Big Yields It is Testing Out Well, None Running Below Sixty Pounds.**

The record wheat yield yet reported is 57 bushels to the acre for nine acres. This tract belongs to Clarence R. Leeper of near Graham. The wheat also tested well and was a good quality.

Carl Biggs, also of near Graham, had 1,600 bushels of wheat out of forty acres, or an average of 40 bushels to the acre.

Carl Elliott of near Graham had 37 bushels of wheat to an acre for a 33-acre tract.

Wm. Schmidt of near Graham averaged 40 bushels to the acre out of a 16-acre wheat field. His wheat ground was not prepared and the wheat was sown in the corn stalks.

The wheat of the Graham vicinity is being delivered at Maitland, and as yet none of it has tested under 60 pounds to the bushel. Some of the wheat tested up to 61½ pounds.

A. M. Hutt of near Skidmore had an average of 30 bushels of wheat to the acre. His field containing 39 acres.

Frank E. Goodspeed, living three miles southeast of the city, secured 43.9 bushels of wheat to the acre out of a 10-acre field. He also averaged 35½ bushels to the acre out of a 32-acre field.

Jim Burnes, near Burlington Junction, had an average of 46.8 bushels to the acre for 19 acres. It tested just a little over 61 pounds to the measured bushel.

All over the county threshing machines are now busy and will be that way for some time.

The wheat crop around Burlington Junction and Clearmont is much better than was expected and exceeds the crop of last year, which was considered a good one. With only about three days of threshing the yield promises an average of between 30 and 35 bushels, and a number of fields will exceed that amount.

George McKnight of Burlington Junction stands among the best with his wheat crop of 30 bushels to an acre for 70 acres.

At Clearmont they are loading three car loads of wheat a day for shipment, and the average thus far is between 30 and 35 bushels. It is expected 50,000 bushels will be shipped from Clearmont. Guy Clary had the highest average for his crop of wheat in the near vicinity of Clearmont. He averaged 35 bushels to the acre for his 50 acres of wheat.

Threshing has just commenced in the Hopkins vicinity and is averaging from 30 to 40 bushels. The twenty-acre wheat crop of Mart Carmichael, a mile and a half west of Hopkins, was threshed Tuesday, yielding 865 bushels, or a little over 43 bushels to the acre.

The only finished wheat crop in the Parnell community is that of Will Welch, which averaged over 40 bushels to the acre.

Dale Partridge of the Myrtle Tree neighborhood averaged 35 bushels of wheat to the acre.

The largest oats yield yet reported is by John F. Dowden. He averaged 70 bushels to the acre for twelve acres.

### Guests at Saylor Home.

Mr. and Mrs. D. H. Michael of Liberty, Mo., and Mrs. George E. Dew of Broomfield, Wash., arrived in Maryville Tuesday from Hopkins, where they have been visiting, and are guests at the home of Judge and Mrs. J. H. Saylor. Mrs. Dew and Mrs. Michael are sisters of Judge Saylor. The visitors will go to Burlington Junction Wednesday evening to visit another brother, W. G. Saylor, and Mrs. Saylor.

John S. Gross went to Clyde Wednesday. He will return this evening, accompanied by his wife, who has been visiting there.

### UP TO 104 TODAY.

**Hottest Day in Maryville and Three Degrees Hotter Than Yesterday.**

Today is the hottest day and the record heat of the season was reached when the mercury went up to 104 at 2:30 o'clock this afternoon, according to the government thermometer. It was 101 at noon today.

### CHAUTAUQUA AT RAVENWOOD.

**Opened This Afternoon With a Good Crowd in Attendance—Will Close on Monday.**

The Ravenwood Chautauqua began this afternoon. The six-day session will be furnished with talent by the Jones system, the same one which was so successful at Graham and Barnard last week. The people of Ravenwood are taking a great interest in the Chautauqua, and 300 tickets had already been sold by Tuesday night.

The tent was erected this morning on the lot next to the opera house, and was ready for this afternoon's program by the Jones Singing Girls. They give another concert tonight, which will be followed with a talk by Prof. G. E. Weaver. The program for the rest of the session is:

Thursday—Prof. Jesse Greenup, lecture, and Dr. W. H. Bickers. Evening, same.

Friday—Medley quartet afternoon and evening.

Saturday—Fred M. Black and Rev. L. W. Klinker afternoon and evening.

Monday—Afternoon, Rolla Kimsey, lecture; Hon. Chas. J. Hall. Evening, same.

### DEMONSTRATION FOR QUITMAN.

**Burlington and International Harvester Co. to Conduct Alfalfa Campaign at That Place.**

Mr. R. W. Lampson, with the International Harvester Co. and Mr. C. J. Nelson, with the C. B. & Q. R. Co., were at Quitman between trains Tuesday morning arranging with the people of that community for a railroad alfalfa campaign. All arrangements were made for said meeting, date to be named later. The matter of date for this demonstration is a matter for the railroads to determine, but said date will be soon, and all will be notified of the time and the different places of meeting, as these lectures or demonstrations are to be conducted by the experts on alfalfa, in the alfalfa fields near town.

An organization was perfected at Quitman by naming J. Ed Bilby as president and general manager, H. C. Bailey on publicity and finance, Fred Wright on transportation, and Ed Malvern on location.

These people propose making a thorough demonstration of the soil, condition of the plant and demonstrate the best ways of preparing the ground for seed. All this and many other points of interest to the alfalfa growers will be discussed, and all questions will be answered in a way that each farmer can thoroughly understand the best methods for raising and handling the alfalfa business as understood by these experts. This is certainly a grand opportunity for each and every farmer to get better posted on the alfalfa question, and to be better posted means that there will be more alfalfa raised in that part of the country.

### Adjusted the Damage.

C. D. Hooker, for the County Mutual Insurance Co., adjusted the damage done to the White Cloud Baptist church, southwest of Maryville, by lightning last Friday. The damage amounted to \$25. The lightning struck the steeple on the church.

### Great Interest in Camp Meeting.

Interest in the Skidmore camp meeting is continuing to grow, especially in the morning and afternoon meetings, which are gaining in attendance. At least 500 people heard the sermon of Rev. H. C. Hankin, the evangelist, last night.

### Lost Eighteen Hogs.

Ed Albright of Skidmore lost eighteen hogs yesterday because of the heat. His herd of 140 hogs broke out of the pasture. Eighteen of them became mired in a mud hole and died of the heat.

### On Visit in Brookfield.

Miss Eva Rittenour went to Brookfield Wednesday morning to visit Mrs. W. A. Rittenour, and at the home of Judge Brownlee.

### Visitors From Ohio.

Mrs. E. J. Hoge and Miss Alice Braniger of Cardwell, O., are in the city for a three weeks' visit with their brother, R. S. Braniger and family.

Mrs. George C. Toel of St. Joseph returned home Wednesday morning from a few days' visit with her parents, Mr. and Mrs. J. C. Dutton.

## EVADING THE LAW

**A WAY FOUND TO GET AROUND WEBB-KENYON ACT.**

## CRY FOR BETTER ROADS

**Liquors Transported From Maryville to Iowa Via Automobile Route Makes Demand for Good Roads.**

According to a dispatch from Des Moines, Ia., published in the Creston Advertiser-Gazette, liquor is being carried from Maryville across the state line to Iowa in motor cars. The dispatch says:

"The agitation for good roads in certain 'dry' sections of the state should receive a considerable impetus as the result of the workings of the Webb-Kenyon liquor law. The dirt roads and the auto now form the opening wedge for the brewers, which have customers in dry territory."

The new federal law prohibits the shipping of liquor into dry territory, but the St. Louis and Kansas City brewers, especially the former, have found a way to evade the law, providing the consignee is willing to do a little driving.

Wet towns along the Iowa and Missouri lines have been established as distributing centers for booze shipments intended for dry towns in Iowa. Express companies carry the shipments to the wet towns across the border in Missouri and then the Iowa cogene drives across the line in an automobile and carries the shipment back into Iowa for the relief of the suffering one back home.

Bedford, being a dry town, is cut off from the breweries under the new law—that is, apparently. Across the line in Missouri and some thirty miles south, is Maryville, a wet town. Last week the St. Louis brewers made the Missouri town a distributing center for a number of Iowa towns within easy driving distance, and now the main traveled highways are busier than ever. Scores of autos are making the trip into Missouri and many are coming back laden with the precious goods.

The Iowa men, of course, take their own chance in getting the liquor across the line, but from the amount of use the highways are receiving it seems that enough of them are willing to take the risk to make the roads seem like main arteries for travel.

The initial shipment of whisky was directed to Maryville, but marked in letters that could be read quite easily by the Missouri agent was the notation that the package was intended for "parties in Bedford, Ia." The package was called for shortly after, and the success of the scheme has encouraged others to try the same plan.

Other wet towns in Missouri are being visited more frequently by Iowa autoists, it is said, and brewery agents state that the establishment of more friendly relations between the two commonwealths is certain.

Autoists who heretofore have gone into Missouri so few times as to constitute a negligence matter now are joining the cry for better roads—roads that will be accessible in all sorts of weather.

### Funeral Held This Morning.

The funeral of Mrs. Lettie Morris, who died Monday at St. Francis hospital, was held this morning at 10 o'clock at the Myrtle Tree church. The services were conducted by Rev. Gilbert S. Cox of the First M. E. church of this city. Rev. Cox will return to St. Joseph and Kansas City this evening, as he is on vacation at this time.

### On Visit to Barnard Relatives.

Mrs. C. G. Wetmore and daughters of Ann Arbor, Mich., the guests of Dr. and Mrs. A. B. Allen, went to Barnard Tuesday evening to visit relatives.

## FIXED FOR AUG. 14

**DATE SET FOR VOTE ON BOND ISSUE FOR \$50,000.**

## POLLING PLACES NAMED

**Proposition to Issue Bonds in \$100 Denomination at 6 Per Cent Must Have Two-Thirds Majority.**

The election day to vote on the \$50,000 bond issue for Polk township will be held on Thursday, August 14, so the county court decided Wednesday morning.

The polls will open at 7 o'clock in the morning and will close at 6 o'clock in the evening unless the sun shall set after 6 o'clock, when the polls shall be kept open until sunset. The voting precincts will be as follows:

P. Huston.

Mr. and Mrs. O. E. Hogan of Kansas City, who are guests of Mr. Hogan's aunt, Mrs. Mary Malam, and family, went to Kansas City Tuesday to lease their property until late fall. They will go to Cincinnati, O., after a stay of two weeks in Maryville, and will visit other places for the benefit of Mr. Hogan's health.

### TRIM YOUR HEDGES.

**If You Don't Do So You Are Liable to a Fine Not to Exceed \$100.**

The new hedge law is now in force and the attention of road overseers and the prosecuting attorney is called to its provisions.

All hedges on the public roads, either along or near the right of way, must be trimmed to a height of not more than five feet once in each year. Exceptions are made of orchard fences, stock yards, fair grounds, etc.

It is the duty of road overseers when notified in writing by three or more freeholders of his district that this law is not being observed to lay the notice before the prosecuting attorney, whose duty it shall be to notify the owner, renter, or agent in charge of the land, and if, after days the hedge is not cut, the prosecuting attorney is directed to bring action for violation of the law. Conviction means a fine not to exceed \$100, the penalty to be paid into the county school fund.

### PIES LIKE YOUR MOTHER'S.

**City Federation Will Resort to Selling Pies to Secure Comforts for Town People and Visitors.**

The members of the Women's City Federation know, as well as every other person, that Americans have a great penchant for the delectable pie.

Our citizenship is commendably American, and because it is true and because so many people have no place to bake them, and couldn't or wouldn't if they did, pies were decided on by the ladies who were at the last meeting, as a source of revenue to the organization, and this revenue is to be used for the comfort of Maryville, of course.

An exclusive pie sale will be an innovation. One is being planned for, to take place soon, and every woman, whether she is or is not a club or federation member, will be asked to donate a pie.

### FIVE OF THEM COMING.

**Four Girls and a Boy of Kansas City Coming for a Two Weeks Fresh Air Vacation.**

Five of Kansas City's little folk, four girls and a boy, will arrive in Maryville Monday for a two weeks' fresh air vacation. They will come at the expense of the Epworth League of the First Methodist church, which announced this fresh air campaign in last Sunday's church bulletin. The people who agreed to take care of these children are Mrs. W. L. Ruddle, Mrs. Archer, Mrs. Hook, Mrs. Myer and Mrs. J. V. Embree.

The one boy will spend his vacation on the Embree farm, west of town.

Miss Izora Mutz, who has charge of this work, wrote to Miss Mary Andrews, superintendent of the Swope settlement in Kansas City, this morning, telling her to send the children up the first of next week and enclosing the money for their transportation.

### WAS IN THIRD PLACE.

**John S. Gross' Hens Third in National Egg Laying Contest at Mountain Grove, Mo.**

John S. Gross received word Wednesday that his hens in the national egg laying contest at Mountain Grove, Mo., were in third place during the month of June. Ten hens averaged 21 eggs that month, or 210 together. The first two pens of first place with 212 eggs, at Gross' hens were just two behind.

Mr. Gross has a pen in it that ranks tenth so far. The 165 eggs up to July 1, 1913, test started November 15.

The hens in the contest are R. C. W. Leghorns.

### Death at 66.

Frank Luebecke of 66 to 106 day night at 9 o'clock hospital in St. Joseph.

St. Joseph for treatment and was operated on brought Wednesday morning at the body will be taken burial. Mr. Luebecke's wife and a daughter was 57 years old.

### Operated On.

Mrs. O. M. M. operated on Tuesday in St. Joseph is getting along has been in poor and the family Colorado soon health.

### Her Store.

Mrs. Walter Plains, Mo., Tuesday response to a photograph Monday night.

## MAN BADLY HURT

**RAY BESINGER CAUGHT BETWEEN CARS AT WABASH DEPOT.**

## WAS MAKING COUPLING

**Chest Crushed and Several Ribs Broken When Drawhead Pulled Out—Has Relatives Here.**

Ray Besinger of Stanberry, a brakeman on the freight train on the Wabash, was badly hurt about 10:15 o'clock Wednesday morning at the freight depot in this city.

Young Besinger was making a coupling when the drawhead pulled out, letting the two cars come together, crushing him between them. He was taken out and conveyed to St. Francis hospital, where he was cared for by the railroad surgeon, Dr. G. A. Nash. The full extent of his injuries are not yet known, but Dr. Nash thinks he will recover. His chest was severely crushed and it is probable that several of his ribs are broken.

The young man is about 24 years old and has a wife and a small child. He is a son of Mr. and Mrs. John Besinger of Stanberry and a nephew of Mrs. Glover Kelley and Mrs. John Wallace of this city.

### EFFECT OF ROTATION.

**University Experts Studying Effect On the Soil of Rotation.**

A series of experiments are being conducted at the agricultural college this summer to determine what effect corn growing has on the condition of the subsoil and the surface soil. There are plots at the university grounds where corn has been grown uninterruptedly for twenty-five years. These plots are one-thirteenth of an acre in area, and on some of them 1,200 pounds of manure have been applied each year, while others have not been so treated.

To determine the effect on the subsoil, water has been percolated through it by means of glass tubes, the quantity of water in the tubes being measured. The same experiment has been practiced on virgin soil that has never been plowed, on made land along drainage ditches, and on land around the borders of the old peach orchard south of the physics building.

Missouri soil stands up well under continuous cropping and while there is a great divergence between soil correctly handled and soil where no rotation is practiced, still, on some of the land where there has been no rotation, over twenty bushels of corn per acre was grown.

### MRS. HENRY RUSSELL DEAD.

Hopkins Woman Passed Away at 1 o'clock Wednesday Afternoon at St. Francis Hospital.

Mrs. Henry Russell, wife of a well known farmer living east of Hopkins, died at St. Francis hospital Wednesday afternoon at 1 o'clock.

Mr. Russell started in an automobile from Hopkins Wednesday morning with Mrs. Russell, taking her to one of the hospitals of that city for treatment, when she became so much worse on reaching Maryville at noon that she was taken to St. Francis hospital, where she died an hour later.

Mr. Russell and his family are almost prostrated by her death. Mrs. Russell was 43 years of age. She is survived by her husband and five children, Galen, Lela, Beulah, McKinley and Frank.

The body will be taken into Hopkins Wednesday night for burial.

### Father Anselm Very Ill.

A telegram was received Tuesday at the Conception abbey from Lucerne, Switzerland, that Rev. Fr. Anselm, pastor of St. Mary's Catholic church in Maryville, who is ill in a hospital at Lucerne, was not expected to live. Another message received Wednesday afternoon states that he is better.

### On Vacation Trip.

Mr. and Mrs. Raymond Barry and son left Wednesday for a two weeks trip and will visit friends and relatives in Kansas City, Earl, Ark., and Memphis, Tenn.

### Operated on Tuesday.

J. M. Probes of Skidmore was taken to St. Francis hospital Tuesday where he underwent an operation. He is doing well today.

Mr. and Mrs. Glen Goff will leave Sunday for a month's visit at Wagon Wheel Gap and Mont Vista, Col.

Miss Elvira Johnson of Galt, Mo., who has been visiting Mrs. Will Foster, returned home Wednesday.

Mr. and Mrs. W. D. Reece and daughter of Elmo spent Wednesday in Maryville.

Mrs. Tressa Pfeiffer of Blue Rapids, Kan., arrived Wednesday on a visit to Mrs. Will A. Schoonover.

Mrs. Ed Cliser and daughter of Barnard returned home Tuesday evening from a two days' visit with Mr. Cliser's mother, Mrs. Sadie Key.

Mrs. Charles Strong of Pickering is very ill. Her sons, Howard and Delmar Strong of Maryville, and their wives were with her Tuesday and Wednesday.

Miss Frances Hartman of Hot Springs, S. D., arrived in the city Tuesday night and will spend the summer here with her parents, Mr. and Mrs. G. A. Hartman. Miss Hartman has been teaching in Hot Springs.

## WILSON SIGNS NEWLANDS BILL

Measure to Amend Erdman Act is Passed by Congress.

EXPECTED TO AVERT STRIKE.

Law Creates Board of Mediation and Conciliation—Low May Be Commissioner—Judge Knapp May Be Considered for One of Other Places.

Washington, July 16.—New federal machinery for the adjustment of railroad wage disputes was authorized when the house and senate passed and the president signed the Newlands-Clayton bill just as it was agreed upon at the White House conference between President Wilson, congressional leaders and representatives of the big eastern railways and their employees.

The law creates the board of mediation and conciliation, headed by a commissioner, to which the eastern railways and employees' brotherhoods have declared their willingness to submit the wage dispute on account of which 80,000 conductors and trainmen have voted to strike. The union officials agreed upon an armistice until this afternoon pending action by congress and officials here expect them now to be ready to lay their case before the federal mediators as soon as President Wilson makes the appointments.

Seth Low, president of the National Civic Federation, who has been instrumental in bringing the railroads and their employees together in the present dispute, is mentioned for the position of commissioner of mediation and conciliation. As the other two members of the board are to be government officials, it was regarded as probable that Judge Martin W. Knapp of the commerce court and an assistant to one of the cabinet officers, possibly an assistant attorney general, could be considered.

### THOMAS RAPS WALL STREET

Colorado Senator Says It Caused Panic of '93.

Washington, July 16.—Senator Thomas (Dem., Colo.), in a speech defending the Wilson tariff bill of 1893 from responsibility for the financial panics which followed, charged former President Cleveland and the New York banks with conspiracy to precipitate a calamity to force the repeal of the Sherman silver act.

Though denouncing the 1893 bill as "a most miserable pretense of tariff reform," he branded the New York Stock exchange as the "most prodigious gambling hell" of any age and "the Monte Carlo of American finance."

"It is the swindlers' paradise," he continued. "It is a huge vampire that sucks the blood from the arteries of industry. It is an unincorporated, irresponsible monstrosity beyond the pale of laws. It is the antithesis of fair dealing and common honesty. It has sanctified speculation. It is the most pernicious and corroding influence in the land."

"If disaster, whose coming is now so freely predicted, shall overtake us in the near future, it will be caused, not by the enactment of the pending tariff bill, but by the same influences which produced it before."

### Two Soldiers Shot During Raid.

Sturgis, S. D., July 16.—An attempt was made to raid the place of Alice Tubbs, north of Sturgis, with the result that Ben Kotzle of K troop, First cavalry, of Fort Meade, was shot and died about midnight. Joseph C. Minor of the same troop was also wounded. Mrs. Tubbs, proprietor of the place, and six inmates are in the county jail here, awaiting developments. What caused the trouble is not known at this time.

### Aeroplane Upsets in Lake.

Chicago, July 16.—Harold McCormick's recently purchased hydro-aeroplane, driven by Max Lillie, an aviation instructor, turned over in Lake Michigan, two miles from shore, when in making a turn one of the pontoons "stubbled" a wave. Lillie was thrown clear of the machine and clung to it until rescued. Lillie had been skimming over the lake for half an hour when the accident occurred. The machine was saved.

### Crosby to Be Governor of Philippines.

Washington, July 16.—Oscar Terry Crosby, president of several public utility corporations at Wilmington, Del.; Chester, Pa., and Trenton, N. J., is being considered by President Wilson for governor general of the Philippines. Unless present plans are changed his nomination probably will go to the senate this week.

### American Woman Gets Decree.

London, July 16.—A decree of divorce was granted to Mrs. George Cornwallis West, formerly Lady Randolph Spencer Churchill, a daughter of the late Leonard Jerome of New York. The decree may be made absolute in six months. The grounds for granting the decree were statutory desertion and misconduct.

### Bank of McKeesport Resumes Business.

Pittsburgh, July 16.—The First National bank of McKeesport, which closed its doors as a precautionary measure a week ago, resumed business on advices from the treasury department.

### Married by 'Squire Johnson.

Francis M. B. Middleton and Sarah A. Wilson were married Tuesday evening at 9 o'clock by Judge W. L. Johnson, at the home of the groom's father, A. R. Middleton. Another marriage performed by Judge Johnson Tuesday evening was that of Floyd Jesse Reynolds and Esther B. O'Banion.

### NIGHTS OF UNREST.

No Sleep, No Rest, No Peace With a  
Lame or Aching Back.

Weary the lot of many a kidney sufferer.

Pain and distress from morn to night.

Get up with a lame back.

Twinges of backache bother you all day.

Dull aching breaks your rest at night.

Urinary disorders add to your misery.

If you have kidney trouble.

Reach the cause—the kidneys.

Doan's Kidney Pills are for the kidneys only—

Have made an enviable reputation in Maryville.

Mrs. J. B. Kissinger, 707 East Second street, Maryville, Mo., says: "I suffered from kidney trouble. I had awful pains through my hips and was tired and weak. I couldn't rest well. After using a few boxes of Doan's Kidney Pills I felt better and gradually my health improved."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

## Summer Board in Colorado Very Moderate Charges

"I'd like to go to Colorado," said a man the other day, "but it costs so much to live there that I'm afraid I—"

"Forget it," said his friend, who had spent a month last summer seeing the show-places of the Wonder State. "I had the same idea myself last year until I got that folder the Burlington gets up telling the hotel rates. And I was mightily surprised to find that, besides the hotels, which are as elaborate as you please, there are hundreds of good, cleanly, wholesome ranch houses in Colorado, where the rates are as low as \$8.00 a week, and they give you mighty good fare."

That folder is published by the Burlington Railroad to show folks how they can enjoy a vacation in Colorado at a very reasonable expense. And I'd like to mail you a copy of it—free. It tells all about the country, gives a complete list of hotels and boarding houses, addresses, rates, conveniences, elevation and nearby attractions.

Let me send these, and if you wish I can tell you all about the trains and cost of railway tickets to the most wonderfully charming country in America. Send me a postal quick.

**W. E. Goforth**

Ticket Agent, Burlington Route

## WOULD INCREASE BRYAN'S SALARY

Bristow Offers Resolution in  
the Senate.

PRESIDENT TO FIX AMOUNT.

Kansas Senator Would Give Secretary  
Raise to Save Him from Chautauqua  
Labors—Lectures Do Lot of Good,  
Commoner Thinks.

Washington, July 16.—Washington was interested chiefly in developments following Secretary Bryan's statement that he had to spend his vacation on the lecture platform because he couldn't live on the secretary of state's salary of \$12,000 a year. The lobby investigation, the tariff and the Mexican situation were forgotten temporarily, at least, while everybody talked about the resolution introduced by Senator Bristow calling on the president to "advise the senate what would be a proper salary to enable the present secretary of state to live with comfort and to enable him to give his time to the discharge of his public duties."

When the Bristow resolution was read, amid Republican laughter, Democratic Leader Kern and other senators immediately objected to its consideration, and after a few brief exchanges it went over. It was fully discussed, however, in the lobbies and cloak rooms at both ends of the capitol.

Bryan Issues Statement.

Later Secretary Bryan issued this statement:  
"When Mr. Bryan's attention was called to some criticisms that have been published in regard to his lecturing, he replied as follows:

"I am glad to have the criticism brought to my attention. I believe in criticism of public officials. Criticism is helpful. If a man makes a mistake, criticism enables him to correct it. If he is unjustly criticised the criticism helps him. I have had my share of criticism since I have been in public, but it has not prevented my doing what I thought proper to do. "In devoting a part of my vacation to lecturing, I am doing what I believe to be proper; I have no fear whatever that any unbiased person will criticize me when he knows the facts.

Sources of Income.

"For seventeen years the sources of my income have been writing and lecturing, but each year I have made more public speeches without compensation and where I have paid my own traveling expenses than I have where compensation has been received. My earning capacity has been large and I have made not only an income sufficient for my immediate needs, but have saved, on an average, something more than \$10,000 a year. In accepting the office which I now hold I gave up the opportunity to add to my accumulations, for I do not expect to increase during my term the amount I have laid aside—that is, I am willing to forego whatever advantage I might derive from the acquiring of \$40,000 for the privilege of serving the country in this office during the coming four years.

"I will do that if necessary, but I do not believe that fair-minded people will ask it of me. Therefore, until I see some reason to bring my income up to my expenses, these lectures will be delivered during the time that other officials give to their vacations.

"In addition to supplementing my salary, I hope that my lectures do good. People who attend them would not do so if they did not think they received their money's worth, but I would be glad to spend my vacations resting instead of lecturing if I could do so without eating in upon the amount that I have laid away as a protection against old age."

## ROAD BLAMED FOR WRECK

Verdict of Coroner's Jury in Los Angeles Disaster.

Los Angeles, July 16.—Blame for the Pacific Electric railroad wreck, when fourteen persons were killed and 150 injured in a collision of trains running from Los Angeles to the ocean, was declared by a coroner's jury to rest with the railroad company. The verdict charged that the trains were operated too closely together, that the cars were overcrowded and that the employees were unacquainted with the traffic rules.

Chinese in Battle.

Washington, July 16.—Two American warships, the gunboats Helena and Samar, are in the international fleet off Kinkiang, China, where heavy fighting is in progress between the northern government troops and the provincial troops of Kiangsi province. Dispatches to the state department say that the many foreigners at Kinkiang are unguarded, but that no anti-foreign sentiment is believed to exist.

Mulhall Continues Story.

Washington, July 16.—The senate lobby investigating committee made fair progress over the sea of the Martin M. Mulhall correspondence. Mulhall was in the witness chair and Senator Reed at the helm of the investigating bark. Mulhall identified 419 letters, telegrams and memoranda put in the record by the committee.

## BARNARD.

We are having quite a bit of sickness lately.

Rev. W. E. Royston is visiting in Andrew county today.

Miss Edith Goforth, who has been on the sick list the past eight weeks, is slowly improving.

Jack Fuller was visiting in Barnard Sunday.

Calvin Goforth and daughter, Grace, left Tuesday for North Dakota.

Mr. E. Cobb spent Sunday in Barnard.

Ralph Humbert is on the sick list this week.

Grace Goforth closed her term of music with a recital Saturday. All report a very enjoyable time.

Henry Rasco left last week for Excelsior Springs for his health.

Marie Ellis of St. Joseph is visiting with relatives in Barnard.

Mr. and Mrs. Oren Lanning, of three miles northeast of Barnard, entertained at Sunday dinner the following: Robert Hagan and son, Paul; Mr. and Mrs. Ibe Rasco and daughter, Cletta; Mr. and Mrs. Will Rasco and Bonnie Shriver, Mr. and Mrs. Robert Carver and daughter, Elenora.

## ON THE DIVIDE.

Mr. and Mrs. Bert Torrance were Sunday guests of Mr. and Mrs. Ray Moore of west of Arkoe.

Miss Nanny Keenan of Maryville was the guest of her sister, Mrs. Glen Swinford, Tuesday.

Mrs. Walter Coulter and daughter returned home Saturday after several weeks stay with relatives in Iowa.

Born, to Mr. and Mrs. Guy Evans, last week, a daughter.

Harry and Dale Whitehurst were Barnard visitors Sunday.

R. W. Ambrose is getting along fine with his house, although it will be several weeks before it is completed.

Mrs. G. W. Swinford of Maryville spent last week with her daughter, Mrs. Ernest Lyon.

Threshing and hay making seem to be the order of the day in this and surrounding vicinity.

Mrs. Henry Steincamp and daughter Macie of Tingley, Ia., were guests of Mrs. H. Mickelson last week.

Mr. and Mrs. Pete Peterson of Clyde were Sunday guests of Mr. and Mrs. Will Anderson.

B. M. Chandler made a business trip to Kansas City Monday.

## Boys, This is a Clutch.

Chicago, Ill., July 11.—When you see five reddish spots in the human aura then propose.

The girl will say "Yes." At that time she is experiencing a rush of affection.

This advice to the lovelorn was given by Dr. Edwin B. Beckwith, in a lecture on the human aura, explained that the lovelorn young man must carry a sensitive screen of dicanio, through which to gaze at the girl.

If, looking through this screen, he sees lines that are pink and straight the girl is healthy and has for him a pure and beautiful love.

If this feeling is greatly intensified the five reddish spots will appear. If the human glow is pink and yellow with a red radiating from the head, the person is irritable.

If the light is green the person is crafty. All these and many more wonders were explained by Dr. Beckwith.

Mrs. Charles Kuchs of St. Joseph returned home Tuesday evening after a week's visit with Mr. and Mrs. Richard Kuchs. Her little daughter remained for a longer visit.

## For Cuts, Burns and Bruises.

In every home there should be a box of Bucklen's Arnica Salve, ready to apply in every case of burns, cuts, wounds or scalds. J. H. Polanco, Delvalle, Texas, R. No. 2, writes: "Bucklen's Arnica Salve saved my little girl's cut foot. No one believed it could be cured." The world's best salve. Only 25c. Recommended by the Orear-Henry Drug Co.—Advertisement.

MARYVILLE, MISSOURI, WEDNESDAY, JULY 16, 1913

NO. 37.

## RECORD OF 57 BU.

BIG WHEAT YIELD ON THE CLARENCE LEEPER FARM.

## 40 BU. NOT UNUSUAL

In Addition to the Big Yields It Is Testing Out Well, None Running Below Sixty Pounds.

The record wheat yield yet reported is 57 bushels to the acre for nine acres. This tract belongs to Clarence R. Leeper of near Graham. The wheat also tested well and was a good quality.

Carl Biggs, also of near Graham, had 1,600 bushels of wheat out of forty acres, or an average of 40 bushels to the acre.

Carl Elliott of near Graham had 37 bushels of wheat to an acre for a 33-acre tract.

Wm. Schmidt of near Graham averaged, 40 bushels to the acre out of a 16-acre wheat field. His wheat ground was not prepared and the wheat was sown in the corn stalks.

The wheat of the Graham vicinity is being delivered at Maitland, and as yet none of it has tested under 60 pounds to the bushel. Some of the wheat tested up to 61½ pounds.

A. M. Hutt of near Skidmore had an average of 39 bushels of wheat to the acre, his field containing 39 acres.

Frank B. Goodspeed, living three miles southeast of the city, secured 43.9 bushels of wheat to the acre out of a 16-acre field. He also averaged 35½ bushels to the acre out of a 32-acre field.

Jim Burnes, near Burlington Junction, had an average of 46.8 bushels to the acre for 19 acres. It tested just a little over 61 pounds to the measured bushel.

All over the county threshing machines are now busy and will be that way for some time.

The wheat crop around Burlington Junction and Clearmont is much better than was expected and exceeds the crop of last year, which was considered a good one. With only about three days of threshing the yield promises an average of between 30 and 35 bushels, and a number of fields will exceed that amount.

George McKnight of Burlington Junction stands among the best with his wheat crop of 39 bushels to an acre for 70 acres.

At Clearmont they are loading three car loads of wheat a day for shipment, and the average thus far is between 30 and 35 bushels. It is expected 50,000 bushels will be shipped from Clearmont. Guy Clary had the highest average for his crop of wheat in the near vicinity of Clearmont. He averaged 35 bushels to the acre for his 50 acres of wheat.

Threshing has just commenced in the Hopkins vicinity and is averaging from 30 to 40 bushels. The twenty-acre wheat crop of Mart Carmichael, a mile and a half west of Hopkins, was threshed Tuesday, yielding 865 bushels, or a little over 43 bushels to the acre.

The only finished wheat crop in the Parnell community is that of Will Welch, which averaged over 40 bushels to the acre.

Dale Partridge of the Myrtle Tree neighborhood averaged 35 bushels of wheat to the acre.

The largest oats yield yet reported is by John F. Dowden. He averaged 70 bushels to the acre for twelve acres.

### Guests at Saylor Home.

Mr. and Mrs. D. H. Michael of Liberty, Mo., and Mrs. George E. Dew of Breckenridge, Wash., arrived in Maryville Tuesday from Hopkins, where they have been visiting, and are guests at the home of Judge and Mrs. J. H. Saylor. Mrs. Dew and Mrs. Michael are sisters of Judge Saylor. The visitors will go to Burlington Junction Wednesday evening to visit another brother, W. G. Saylor, and Mrs. Saylor.

John S. Gross went to Clyde Wednesday. He will return this evening, accompanied by his wife, who has been visiting there.

### UP TO 104 TODAY.

Hottest Day in Maryville and Three Degrees Hotter Than Yesterday.

Today is the hottest day and the record heat of the season was reached when the mercury went up to 104 at 2:30 o'clock this afternoon, according to the government thermometer. It was 101 at noon today.

### CHAUTAUQUA AT RAVENWOOD.

Opened This Afternoon With a Good Crowd in Attendance—Will Close on Monday.

The Ravenwood Chautauqua began this afternoon. The six-day session will be furnished with talent by the Jones system, the same one which was so successful at Graham and Barnard last week. The people of Ravenwood are taking a great interest in the Chautauqua, and 300 tickets had already been sold by Tuesday night.

The tent was erected this morning on the lot next to the opera house, and was ready for this afternoon's program by the Jones Singing Girls. They give another concert tonight, which will be followed with a talk by Prof. G. E. Weaver. The program for the rest of the session is:

Thursday—Prof. Jesse Greenup, lecture, and Dr. W. H. Bickers. Evening, same.

Friday—Medley quartet afternoon and evening.

Saturday—Fred M. Black and Rev. L. W. Klinker afternoon and evening.

Monday—Afternoon, Rolla Kimsey, lecture; Hon. Chas. J. Hall. Evening, same.

### DEMONSTRATION FOR QUITMAN.

Burlington and International Harvester Co. to Conduct Alfalfa Campaign at That Place.

Mr. R. W. Lamson, with the International Harvester Co. and Mr. C. J. Nelson, with the C. B. & Q. R. Co., were at Quitman between trains Tuesday morning arranging with the people of that community for a railroad alfalfa campaign. All arrangements were made for said meeting, date to be named later. The matter of date for this demonstration is a matter for the railroads to determine, but said date will be soon, and all will be notified of the time and the different places of meeting, as these lectures or demonstrations are to be conducted by the experts on alfalfa, in the alfalfa fields near town.

An organization was perfected at Quitman by naming J. Ed Bibby as president and general manager, H. C. Bailey on publicity and finance, Fred Wright on transportation, and Ed Malvern on location.

These people propose making a thorough demonstration of the soil, condition of the plant and demonstrate the best ways of preparing the ground for seed. All this and many other points of interest to the alfalfa growers will be discussed, and all questions will be answered in a way that each farmer can thoroughly understand the best methods for raising and handling the alfalfa business as understood by these experts. This is certainly a grand opportunity for each and every farmer to get better posted on the alfalfa question, and to be better posted means that there will be more alfalfa raised in that part of the country.

### Adjusted the Damage.

C. D. Hooker, for the County Mutual Insurance Co., adjusted the damage done to the White Cloud Baptist church, southwest of Maryville, by lightning last Friday. The damage amounted to \$25. The lightning struck the steeple on the church.

### Great Interest in Camp Meeting.

Interest in the Skidmore camp meeting is continuing to grow, especially in the morning and afternoon meetings, which are gaining in attendance. At least 500 people heard the sermon of Rev. H. C. Hankin, the evangelist, last night.

### Lost Eighteen Hogs.

Ed Albright of Skidmore lost eighteen hogs yesterday because of the heat. His herd of 140 hogs broke out of the pasture. Eighteen of them became mired in a mud hole and died of the heat.

### On Visit in Brookfield.

Miss Eva Rittenour went to Brookfield Wednesday morning to visit Mrs. W. A. Rittenour, and at the home of Judge Brownlee.

### Visitors From Ohio.

Mrs. E. J. Hoge and Miss Alice Branger of Cardwell, O., are in the city for a three weeks' visit with their brother, R. S. Branger and family.

Mrs. George C. Toel of St. Joseph returned home Wednesday morning from a few days' visit with her parents, Mr. and Mrs. J. C. Dutton.

## EVADING THE LAW FIXED FOR AUG. 14

A WAY FOUND TO GET AROUND WEBB-KENYON ACT.

## CRY FOR BETTER ROADS

Liquors Transported From Maryville to Iowa Via Automobile Route Makes Demand for Good Roads.

According to a dispatch from Des Moines, Ia., published in the Creston Advertiser-Gazette, liquor is being carried from Maryville across the state line to Iowa in motor cars. The dispatch says:

The agitation for good roads in certain "dry" sections of the state should receive a considerable impetus as the result of the workings of the Webb-Kenyon liquor law. The dirt roads and the auto now form the opening wedge for the brewers, which have customers in dry territory.

The new federal law prohibits the shipping of liquor into dry territory, but the St. Louis and Kansas City brewers, especially the former, have found a way to evade the law, providing the consignee is willing to do a little driving.

Wet towns along the Iowa and Missouri lines have been established as distributing centers for booze shipments intended for dry towns in Iowa. Express companies carry the shipments to the wet towns across the border in Missouri and then the Iowa consignee drives across the line in an automobile and carries the shipment back into Iowa for the relief of the suffering one back home.

Bedford, being a dry town, is cut off from the breweries under the new law—that is, apparently. Across the line in Missouri and some thirty miles south, is Maryville, a wet town. Last week the St. Louis brewers made the Missouri town a distributing center for a number of Iowa towns within easy driving distance, and now the main traveled highways are busier than ever. Scores of autos are making the trip into Missouri and many are coming back laden with the precious goods.

The Iowa men, of course, take their own chance in getting the liquor across the line, but from the amount of use the highways are receiving it seems that enough of them are willing to take the risk to make the roads seem like main arteries for travel.

The initial shipment of whisky was directed to Maryville, but marked in letters that could be read quite easily by the Missouri agent was the notation that the package was intended for "parties in Bedford, Ia." The package was called for shortly after, and the success of the scheme has encouraged others to try the same plan.

Other wet towns in Missouri are being visited more frequently by Iowa autoists, it is said, and brewery agents state that the establishment of more friendly relations between the two commonwealths is certain.

Autoists who heretofore have gone into Missouri so few times as to constitute a negligence matter now are joining the cry for better roads—roads that will be accessible in all sorts of weather.

### Funeral Held This Morning.

The funeral of Mrs. Lettie Morris, who died Monday at St. Francis hospital, was held this morning at 10 o'clock at the Myrtle Tree church. The services were conducted by Rev. Gilbert S. Cox of the First M. E. church of this city. Rev. Cox will return to St. Joseph and Kansas City this evening, as he is on vacation at this time.

### On Visit to Barnard Relatives.

Mrs. C. G. Wetmore and daughters of Ann Arbor, Mich., the guests of Dr. and Mrs. A. B. Allen, went to Barnard Tuesday evening to visit relatives.

Mr. and Mrs. O. E. Hogan of Kansas City, who are guests of Mr. Hogan's aunt, Mrs. Mary Malam, and family, went to Kansas City Tuesday to lease their property until late fall. They will go to Cincinnati, O., after a stay of two weeks in Maryville, and will visit other places for the benefit of Mr. Hogan's health.

### TRIM YOUR HEDGES.

If You Don't Do So You Are Liable to a Fine Not to Exceed \$100.

The new hedge law is now in force and the attention of road overseers and the prosecuting attorney is called to its provisions.

All hedges on the public roads, either along or near the right of way, must be trimmed to a height of not more than five feet once in each year. Exceptions are made of orchard fences, stock yards, fair grounds, etc.

It is the duty of road overseers when notified in writing by three or more freeholders of his district that this law is not being observed to lay the notice before the prosecuting attorney, whose duty it shall be to notify the owner, renter, or agent in charge of the land, and if, after days the hedge is not cut, the prosecuting attorney is directed to bring action for violation of the law. Conviction means a fine not to exceed \$100, the penalty to be paid into the county school fund.

### PIES LIKE YOUR MOTHER'S.

City Federation Will Resort to Selling Pies to Secure Comforts for Town People and Visitors.

The members of the Women's City Federation know, as well as every other person, that Americans have a great penchant for the delectable pie. Our citizenship is commendably American, and because it is true and because so many people have no place to bake them, and couldn't or wouldn't if they did, pies were decided on by the ladies who were at the last meeting, as a source of revenue to the organization, and this revenue is to be used for the comfort of Maryville, of course.

An exclusive pie sale will be an innovation. One is being planned for, to take place soon, and every woman, whether she is or is not a club or federation member, will be asked to donate a pie.

### FIVE OF THEM COMING.

Four Girls and a Boy of Kansas City Coming for a Two Weeks Fresh Air Vacation.

Five of Kansas City's little folk, four girls and a boy, will arrive in Maryville Monday for a two weeks' fresh air vacation. They will come at the expense of the Epworth League of the First Methodist church, which announced this fresh air campaign in last Sunday's church bulletin. The people who agreed to take care of these children are Mrs. W. L. Ruddle, Mrs. Archer, Mrs. Hook, Mrs. Myer and Mrs. J. V. Embree.

The one boy will spend his vacation on the Embree farm, west of town.

Miss Izora Mutz, who has charge of this work, wrote to Miss Mary Andrews, superintendent of the Swope settlement in Kansas City, this morning, telling her to send the children up the first of next week and enclosing the money for their transportation.

### WAS IN THIRD PLACE.

John S. Gross' Hens Third in National Egg Laying Contest at Mountain Grove, Mo.

John S. Gross received word Wednesday that his hens in the national egg laying contest at Mountain Grove, Mo., were in third place during the month of June. Ten hens averaged 21 eggs that month, or 210 eggs. The first two pens of Gross' hens were just two behind. Mr. Gross has a pen in that ranks tenth so far. The 165 eggs up to July 1, 1913, test started November 15, 1912.

The hens in the contest are R. C. W. Leghorns.

### Death at 66.

Frank Luebecke of 66 to 16c day night at 9 o'clock hospital in St. Joseph. He was operated on, who brought Wednesday morning at the body will be taken for burial. Mr. Luebecke's wife and a daughter was 57 years old.

### Operated On.

Mrs. O. M. M. operated on Tuesday in St. Joseph. She is getting along and the family of Colorado soon health.

### Her Store.

Mrs. Walter Plains, Mo., Tuesday response to a photograph Monday night.

## MAN BADLY HURT

RAY BESINGER CAUGHT BETWEEN CARS AT WARASH DEPOT.

## WAS MAKING COUPLING

Chest Crushed and Several Ribs Broken When Drawhead Pulled Out—Has Relatives Here.

Ray Besinger of Stanberry, a brakeman on the freight train on the Warash, was badly hurt about 10:15 o'clock Wednesday morning at the freight depot in this city.

Young Besinger was making a coupling when the drawhead pulled out, letting the two cars come together, crushing him between them. He was taken out and conveyed to St. Francis hospital, where he was cared for by the railroad surgeon, Dr. G. A. Nash. The full extent of his injuries are not yet known, but Dr. Nash thinks he will recover. His chest was severely crushed and it is probable that several of his ribs are broken.

The young man is about 24 years old and has a wife and a small child. He is a son of Mr. and Mrs. John Besinger of Stanberry and a nephew of Mrs. Glover Kelley and Mrs. John Wallace of this city.

### EFFECT OF ROTATION.

University Experts Studying Effect On the Soil of Rotation.

A series of experiments are being conducted at the agricultural college this summer to determine what effect corn growing has on the condition of the subsoil and the surface soil. There are plots at the university grounds where corn has been grown uninterruptedly for twenty-five years. These plots are one-thirtieth of an acre in area, and on some of them 1,200 pounds of manure has been applied each year, while others have not been so treated.

To determine the effect on the subsoil, water has been percolated through it by means of glass tubes, the quantity of water in the tubes being measured. The same experiment has been practiced on virgin soil that has never been plowed, on made land along drainage ditches, and on land around the borders of the old peach orchard south of the physics building.

Missouri soil stands up well under continuous cropping and while there is a great divergence between soil correctly handled and soil where no rotation is practiced, still, on some of the land where there has been no rotation, over twenty bushels of corn per acre was grown.

#### The Cost of Recklessness.

Samuel O. Dunn, editor of The Railway Age Gazette, has an article in the current Atlantic Monthly on the subject of railway accidents in which he shows that popular ideas as to the causes of the greatest number of deaths and injuries on railroads are erroneous. Mr. Dunn is well known hereabouts, having begun his newspaper career in Maryville.

The general idea is that most of the accidents result from collisions, boiler explosions, derailments and other plant failures. Mr. Dunn contends that if there had not been a single accident to a train in the United States in the year ended June 30, 1912, 92 per cent of those who were injured on railways would have been killed or injured just the same. If there had not been a single collision in 1912, 96.5 per cent of all who were killed, and 95.3 per cent of all who were injured would have suffered none the less. Dr. Dunn quotes the interstate commerce commission as saying that by far the greatest number of serious train accidents is due to the failure of some responsible employee to perform the essential duty at a critical moment. Even the block system does not stop these man failure accidents.

Mr. Dunn attributes the volume of accidents to a spirit of carelessness or recklessness—a spirit that is not manifested only in railway operation in this country. For instance, automobiles in the streets of New York killed 146 people in 1912, while the number of railway passengers killed in train accidents in the whole country was only 139.

Mr. Dunn argues for a commission on railroad accidents. He feels that public opinion could be better directed and more effective under the guidance of a commission that would give its attention entirely to this subject—St. Joseph News-Press.

#### Stop Your Kickin'.

Don't sit 'round with hangin' lip.  
That is sure to floor you;  
Try to get a better grip  
On the work before you.  
Put some ginger in your words  
When you greet a neighbor,  
Throw your troubles to the birds,  
Get right down to labor.  
And you'll notice ev'ry day  
Things is comin' right your way.

Stop your kickin' 'bout hard times,  
Git a hustle on you;  
Skirmish 'round and grab the dimes  
Ef the sovereigns shun you.  
Croakin' never bought a dress,  
Growlin' isn't in it,  
Fix your peepers on success,  
Then go in to win it.  
Times is good again—  
Try to help them is you kin.

Stop your kickin', get a hold  
Of the wheel and turn it;  
You kin never handle gold  
'Less you try to earn it.  
Brush the cobwebs from your eyes,  
Stop your blamed repinin'.  
An' you'll notice yer skies  
Allus 'll be shinin';  
If you hain't the nerve to try,  
Sneak away somewhere and die  
—Tid-Bits.

#### ALFALFA SHOULD BE GROWN ON EVERY FARM

1. IT IS A PROFITABLE CROP
2. INCREASES FARM VALUES
3. EXCELS EVERY OTHER CROP IN YIELD PER ACRE IN FEEDING VALUE AS A DROUGHT RESISTER AS A SOIL ENRICHER
4. NO HARDER TO GROW THAN CLOVER
5. MAKE A BEGINNING—START NOW GROW SOME ALFALFA
6. MOTTO  
ALFALFA ON EVERY FARM

By J. E. Buck, I. H. C. Agricultural Extension Department.

It is a profitable crop because of its abundant yields, three harvests being nothing unusual in the corn belt states. The average yield of alfalfa is about double the average yield of clover.

Alfalfa increases farm values because it enriches the soil instead of depleting it as grain crops do. Corn, or wheat, or any other grain crop grown on alfalfa sod yields much more abundantly than the same crops grown on the same field before alfalfa was grown there.

Alfalfa is the premier crop—because it excels every other crop in yield per acre—in feeding value—as a drought resister—and is a soil enricher. Alfalfa is no harder to grow than clover, and therefore because of its many excellent qualities should be grown on every farm. No farmer can do better than to follow the admonition of this chart, and make a beginning to grow some alfalfa. Start now.

On Saturday afternoon and evening, July 19th, the ladies band will serve ice cream and home-made cake on the court house lawn. There will be a band concert in the evening. Anyone wishing to help the band by donations of home-made cake or service may notify Misses Gertrude Kirch and Grace O'Brien.

Mrs. Dora Madison and Miss Ada Dixon of St. Joseph returned home Wednesday morning from a visit in Stanberry with Mrs. Madison's brother, G. W. Fullerton.

### News of Society and Womens' Clubs

#### Here From Chicago.

Mr. and Mrs. Paul Gray of Chicago arrived in Maryville Wednesday morning on their annual visit to Mr. Gray's mother, Mrs. Rebecca Gray.

#### Cheerful Givers Class.

The Cheerful Givers class of the Christian church Bible school of Pickering will be entertained Wednesday evening at the home of Mr. and Mrs. O. G. Null.

#### Circle Annual Picnic.

The Young Ladies' Mission Circle of the First Christian church will hold its annual picnic Thursday evening in Normal park. The members will first meet in the church parlors at 4:30 o'clock, when officers for the coming year will be chosen.

#### Sunday Guests in Country.

Mr. and Mrs. Andrew Zech, Miss Katherine Zech, Hubert Zech, Miss Katherine Shonley, Mr. and Mrs. John Shonley and sons, Paul, Francis and Anselm, were Sunday dinner guests of Mr. and Mrs. Alfred Kennel, five miles south of Maryville.

is really harmful. After sufficient sleep the muscles demand exertion just as much as on retiring, the mind required rest. The bad results of too much lying in is a lack of muscular exercise, this is one of the important things he daily item of health making and health keeping.

Too much lying in bed means first, state of proper muscular exercise; second, a loss of appetite and the lack of proper bodily nourishment that follows; third, lack of sufficient fresh air; fourth, lack of sufficient sunlight; fifth, a tendency to become anemic; sixth, passive congestion of lungs.

Many very aged people die as the result of broken bones, especially a broken hip. It is not really the broken hip that kills them, but the necessity of lying a long while in bed, so that the pulmonary circulation is clogged, there is no incentive to breathing, the passive congestion on both sides of the lungs takes place and death follows.

Of course, with the aged who suffer broken bones, lying in bed cannot be helped, but with normal people they are injuring their health whenever they lie in bed longer than necessary for their proper sleep. To lie back on a couch for an hour's nap, to lie back in an easy chair is quite a different matter. But the lying in bed habit should be avoided.

the nose—children of Worms. in two weeks with Mrs. Fletcher Dalby.

#### Lawn Musicals.

The Rev. Gilbert S. Cox, baritone, of Maryville, Mo.; Mr. Ernest Cox, baritone, of Kansas City; Mrs. H. F. Staple, contralto, Rock Port, Mo., and Miss Gertrude Wyatt, soprano, of Rock Port, Mo., will assist Mr. Adolph Bock in a lawn musical tonight at his home, 1605 South Twentieth street, complimentary to Mr. Otto F. Bock of New York. Others who will take part in the program are Mrs. G. L. Beagher, contralto, of Savannah, Mo.; Mrs. Charles Ehlers, soprano, Hattiesburg, Miss. Messrs. Herbert Krumme and John Steinacker, pianists.—St. Joseph News-Press of Tuesday.

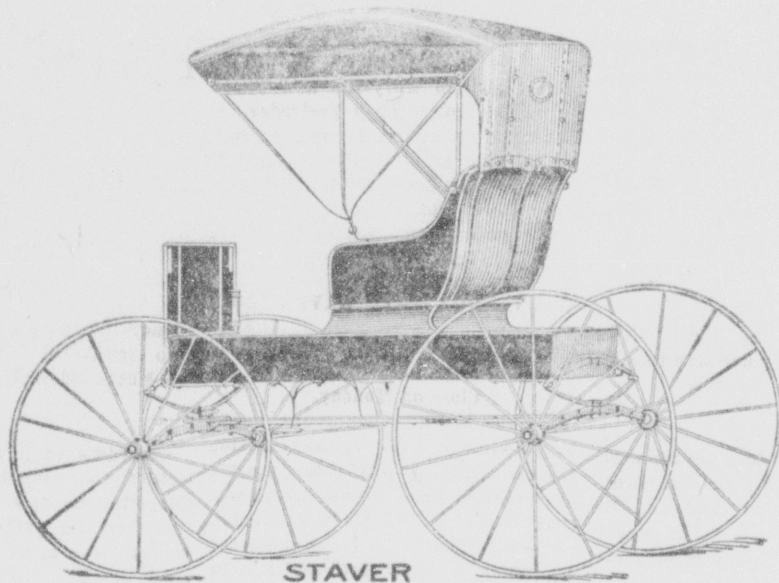

#### Outdoor Summer Party.

This hot weather has driven Pickering people to sleeping out of doors, and next summer promises a sleeping porch on every residence in Pickering Tuesday evening, a party of young ladies comprising Miss Margaret McMillen, Miss Chloe Neal, Misses Edith and Hazel Jones, were given a car ride at 9 o'clock by Miss McMillen's father, C. G. McMillen, who brought them to Maryville, returning to the home of Mr. and Mrs. Sanford Jones of Pickering at 10:30, where Miss Edith and her guests retired for the night on the lawn of the home. They had breakfast at 6 o'clock Wednesday morning and were ready for another hot day because of the comfortable night.

#### The Corken-McKay Wedding.

The ceremony for the Corken-McKay wedding at Burlington Junction will be pronounced Wednesday afternoon at 4:30 o'clock by Rev. Norman McKay of Sioux City, Ia., a brother of the bridegroom. The Rev. McKay is field secretary for the Morningside college at Sioux City. After the wedding luncheon the bride and groom will leave for Ann Arbor, Mich., where Mr. McKay will take up special study at the Michigan university. The out-of-town guests included Rev. and Mrs. Norman McKay, Mary and Vance McKay, of Sioux City, Miss Lois Burris of Cameron, Mrs. Roy Wolfers and Miss Mary Wolfers of Pickering, Mr. and Mrs. Arch K. Frank and daughter of Maryville, President DeBra of Missouri Wesleyan college at Cameron, who assisted in performing the marriage ceremony.

## MRS. HENRY RUSSELL DEAD.

Hopkins Woman Passed Away at 1 o'clock Wednesday Afternoon at St. Francis Hospital.

Mrs. Henry Russell, wife of a well known farmer living east of Hopkins, died at St. Francis hospital Wednesday afternoon at 1 o'clock.

Mr. Russell started in an automobile from Hopkins Wednesday morning with Mrs. Russell, taking her to one of the hospitals of that city for treatment, when she became so much worse on reaching Maryville at noon that she was taken to St. Francis hospital, where she died an hour later.

Mr. Russell and his family are almost prostrated by her death. Mrs. Russell was 43 years of age. She is survived by her husband and five children, Galen, Lela, Beulah, McKinley and Frank.

The body will be taken to Hopkins Wednesday night for burial.

## Father Anselm Very Ill.

A telegram was received Tuesday at the Conception abbey from Lucerne, Switzerland, that Rev. Fr. Anselm, pastor of St. Mary's Catholic church in Maryville, who is ill in a hospital at Lucerne, was not expected to live. Another message received Wednesday afternoon states that he is better.

## On Vacation Trip.

Mr. and Mrs. Raymond Barry and son left Wednesday for a two weeks trip and will visit friends and relatives in Kansas City, Earl, Ark., and Memphis, Tenn.

## Operated on Tuesday.

J. M. Propes of Skidmore was taken to St. Francis hospital Tuesday where he underwent an operation. He is doing well today.

Mr. and Mrs. Glen Goff will leave Sunday for a month's visit at Wagon Wheel Gap and Mont Vista, Col.

Miss Elgiva Johnson of Galt, Mo., who has been visiting Mrs. Will Foster, returned home Wednesday.

Mr. and Mrs. W. D. Reece and daughter of Elmo spent Wednesday in Maryville.

Mrs. Tressa Pfeiffer of Blue Rapids, Kan., arrived Wednesday on a visit to Mrs. Will A. Schoonover.

Mrs. Ed Cliser and daughter of Barnard returned home Tuesday evening from a two days' visit with Mr. Cliser's mother, Mrs. Sadie Key.

Mrs. Charles Strong of Pickering is very ill. Her sons, Howard and Delmar Strong of Maryville, and their wives were with her Tuesday and Wednesday.

Miss Frances Hartman of Hot Springs, S. D., arrived in the city Tuesday night and will spend the summer here with her parents, Mr. and Mrs. G. A. Hartman. Miss Hartman has been teaching in Hot Springs.

## WILSON SIGNS NEWLANDS BILL

Measure to Amend Erdman Act is Passed by Congress.

## EXPECTED TO AVERT STRIKE.

Law Creates Board of Mediation and Conciliation—Low May Be Commissioner—Judge Knapp May Be Considered for One of Other Places.

Washington, July 16.—New federal machinery for the adjustment of railroad wage disputes was authorized when the house and senate passed and the president signed the Newlands-Clayton bill just as it was agreed upon at the White House conference between President Wilson, congressional leaders and representatives of the big eastern railways and their employees.

The law creates the board of mediation and conciliation, headed by a commissioner, to which the eastern railways and employees' brotherhoods have declared their willingness to submit the wage dispute on account of which 80,000 conductors and trainmen have voted to strike. The union officials agreed upon an armistice until this afternoon pending action by congress and officials here expect them now to be ready to lay their case before the federal mediators as soon as President Wilson makes the appointments.

Seth Low, president of the National Civic Federation, who has been instrumental in bringing the railroads and their employees together in the present dispute, is mentioned for the position of commissioner of mediation and conciliation. As the other two members of the board are to be government officials, it was regarded as probable that Judge Martin W. Knapp of the commerce court and an assistant to one of the cabinet officers, possibly an assistant attorney general, could be considered.

## THOMAS RAPS WALL STREET

Colorado Senator Says It Caused Panic of '93.

Washington, July 16.—Senator Thomas (Dem., Colo.), in a speech defending the Wilson tariff bill of 1893 from responsibility for the financial panic which followed, charged former President Cleveland and the New York banks with conspiracy to precipitate a calamity to force the repeal of the Sherman silver act.

Though denouncing the 1893 bill as "a most miserable pretense of tariff reform," he branded the New York Stock exchange as the "most prodigious gambling hell" of any age and "the Monte Carlo of American finance."

"It is the swindlers' paradise," he continued. "It is a huge vampire that sucks the blood from the arteries of industry. It is an unincorporated, irresponsible monstrosity beyond the pale of laws. It is the antithesis of fair dealing and common honesty. It has sanctified speculation. It is the most pernicious and corroding influence in the land."

"If disaster, whose coming is now so freely predicted, shall overtake us in the near future, it will be caused, not by the enactment of the pending tariff bill, but by the same influences which produced it before."

## Two Soldiers Shot During Raid.

Sturgis, S. D., July 16.—An attempt was made to raid the place of Alice Tubbs, north of Sturgis, with the result that Ben Kotzle of K troop, First cavalry, of Fort Meade, was shot and died about midnight. Joseph C. Minor of the same troop was also wounded. Mrs. Tubbs, proprietor of the place, and six inmates are in the county jail here, awaiting developments. What caused the trouble is not known at this time.

## Aeroplane Upsets in Lake.

Chicago, July 16.—Harold McCormick's recently purchased hydro-aeroplane, driven by Max Lillie, an aviation instructor, turned over in Lake Michigan, two miles from shore, when in making a turn one of the pontoons "stubbed" a wave. Lillie was thrown clear of the machine and clung to it until rescued. Lillie had been skimming over the lake for half an hour when the accident occurred. The machine was saved.

## Crosby to Be Governor of Philippines.

Washington, July 16.—Oscar Terry Crosby, president of several public utility corporations at Wilmington, Del.; Chester, Pa., and Trenton, N. J., is being considered by President Wilson for governor general of the Philippines. Unless present plans are changed his nomination probably will go to the senate this week.

## American Woman Gets Decree.

London, July 16.—A decree of divorce was granted to Mrs. George Cornwallis West, formerly Lady Randolph Spencer Churchill, a daughter of the late Leonard Jerome of New York. The decree may be made absolute in six months. The grounds for granting the decree were statutory desertion and misconduct.

## Bank of McKeesport Resumes Business.

Pittsburgh, July 16.—The First National bank of McKeesport, which closed its doors as a precautionary measure a week ago, resumed business on advices from the treasury department.

## Married by 'Squire Johnson.

Francis M. B. Middleton and Sarah A. Wilson were married Tuesday evening at 9 o'clock by Judge W. L. Johnson, at the home of the groom's father, A. R. Middleton. Another marriage performed by Judge Johnson Tuesday evening was that of Floyd Jesse Reynolds and Esther B. O'Banion.

## NIGHTS OF UNREST.

No Sleep, No Rest, No Peace With a Lame or Aching Back.

Wear the lot of many a kidney sufferer.

Pain and distress from morn to night.

Get up with a lame back.

Twinges of backache bother you all day.

Dull aching breaks your rest at night.

Urinary disorders add to your misery.

If you have kidney trouble.

Reach the cause—the kidneys.

Doan's Kidney Pills are for the kidneys only—

Have made an enviable reputation in Maryville.

Mrs. J. B. Kissinger, 707 East Second street, Maryville, Mo., says: "I suffered from kidney trouble. I had awful pains through my hips and was tired and weak. I couldn't rest well. After using a few boxes of Doan's Kidney Pills I felt better and gradually my health improved."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

**Summer Board in Colorado Very Moderate Charges**

"I'd like to go to Colorado," said a man the other day, "but it costs so much to live there that I'm afraid I—"

"Forget it," said his friend, who had spent a month last summer seeing the show-places of the Wonder State. "I had the same idea myself last year until I got that folder the Burlington gets up telling the hotel rates. And I was mightily surprised to find that, besides the hotels, which are as elaborate as you please, there are hundreds of good, cleanly, wholesome ranch houses in Colorado, where the rates are as low as \$8.00 a week, and they give you mighty good fare."

That folder is published by the Burlington Railroad to show folks how they can enjoy a vacation in Colorado at a very reasonable expense. And I'd like to mail you a copy of it—free. It tells all about the country, gives a complete list of hotels and boarding houses, addresses, rates, conveniences, elevation and nearby attractions.

Let me send these, and if you wish I can tell you all about the trains and cost of railway tickets to the most wonderfully charming country in America. Send me a postal quick.

**W. E. Goforth**  
Ticket Agent, Burlington Route

## WOULD INCREASE BRYAN'S SALARY

Bristow Offers Resolution in the Senate.

PRESIDENT TO FIX AMOUNT.

Kansas Senator Would Give Secretary Raise to Save Him from Chautauqua Labors—Lectures Do Lot of Good, Commoner Thinks.

Washington, July 16.—Washington was interested chiefly in developments following Secretary Bryan's statement that he had to spend his vacation on the lecture platform because he couldn't live on the secretary of state's salary of \$12,000 a year. The lobby investigation, the tariff and the Mexican situation were forgotten temporarily, at least, while everybody talked about the resolution introduced by Senator Bristow calling on the president to "advise the senate what would be a proper salary to enable the present secretary of state to live with comfort and to enable him to give his time to the discharge of his public duties."

When the Bristow resolution was read, amid Republican laughter, Democratic Leader Kern and other senators immediately objected to its consideration, and after a few brief exchanges it went over. It was fully discussed, however, in the lobbies and cloak rooms at both ends of the capitol.

Bryan Issues Statement.

Later Secretary Bryan issued this statement:

"When Mr. Bryan's attention was called to some criticisms that have been published in regard to his lecturing, he replied as follows:

"I am glad to have the criticism brought to my attention. I believe in criticism of public officials. Criticism is helpful. If a man makes a mistake, criticism enables him to correct it. If he is unjustly criticised the criticism helps him. I have had my share of criticism since I have been in public, but it has not prevented my doing what I thought proper to do."

"In devoting a part of my vacation to lecturing, I am doing what I believe to be proper; I have no fear whatever that any unbiased person will criticize me when he knows the facts."

Sources of Income.

"For seventeen years the sources of my income have been writing and lecturing, but each year I have made more public speeches without compensation and where I have paid my own traveling expenses than I have where compensation was received. My earning capacity has been large and I have made not only an income sufficient for my immediate needs, but have saved, on an average, something more than \$10,000 a year. In accepting the office which I now hold I gave up the opportunity to add to my accumulations, for I do not expect to increase during my term the amount I have laid aside—that is, I am willing to forego whatever advantage I might derive from the acquiring of \$40,000 for the privilege of serving the country in this office during the coming four years."

"I will do that if necessary, but I do not believe that fair-minded people will ask it of me. Therefore, until I see some reason to bring my income up to my expenses, these lectures will be delivered during the time that other officials give to their vacations."

"In addition to supplementing my salary, I hope that my lectures do good. People who attend them would not do so if they did not think they received their money's worth, but I would be glad to spend my vacations resting instead of lecturing if I could do so without eating in upon the amount that I have laid away as a protection against old age."

## ROAD BLAMED FOR WRECK

Verdict of Coroner's Jury in Los Angeles Disaster.

Los Angeles, July 16.—Blame for the Pacific Electric railroad wreck, when fourteen persons were killed and 150 injured in a collision of trains running from Los Angeles to the ocean, was declared by a coroner's jury to rest with the railroad company. The verdict charged that the trains were operated too closely together, that the cars were overcrowded and that the employees were unacquainted with the traffic rules.

Chinese in Battle.

Washington, July 16.—Two American warships, the gunboats Helena and Samar, are in the international fleet off Kinkiang, China, where heavy fighting is in progress between the northern government troops and the provincial troops of Kiangsi province. Dispatches to the state department say that the many foreigners at Kinkiang are unguarded, but that no anti-foreign sentiment is believed to exist.

Mulhall Continues Story.

Washington, July 16.—The senate lobby investigating committee made fair progress over the sea of the Martin M. Mulhall correspondence. Mulhall was in the witness chair and Senator Reed at the helm of the investigating bark. Mulhall identified 410 letters, telegrams and memoranda put in the record by the committee.

## BARNARD.

We are having quite a bit of sickness lately.

Rev. W. E. Royston is visiting in Andrew county today.

Miss Edith Goforth, who has been on the sick list the past eight weeks, is slowly improving.

Jack Fuller was visiting in Barnard Sunday.

Calvin Goforth and daughter, Grace, left Tuesday for North Dakota.

Mr. E. Cobb spent Sunday in Barnard.

Ralph Humbert is on the sick list this week.

Grace Goforth closed her term of music with a recital Saturday. All report a very enjoyable time.

Henry Rasco left last week for Excelsior Springs for his health.

Marie Ellis of St. Joseph is visiting with relatives in Barnard.

Mr. and Mrs. Oren Lanning, of three miles northeast of Barnard, entertained at Sunday dinner the following: Robert Hagan and son, Paul; Mr. and Mrs. Ibe Rasco and daughter, Cletta; Mr. and Mrs. Will Rasco and Bonnie Shriver, Mr. and Mrs. Robert Carver and daughter, Elenora.

## ON THE DIVIDE.

Mr. and Mrs. Bert Torrance were Sunday guests of Mr. and Mrs. Ray Moore of west of Arkoe.

Miss Nanny Keenan of Maryville was the guest of her sister, Mrs. Glen Swinford, Tuesday.

Mrs. Walter Coulter and daughter returned home Saturday after several weeks stay with relatives in Iowa.

Born, to Mr. and Mrs. Guy Evans, last week, a daughter.

Harry and Dale Whitehurst were Barnard visitors Sunday.

R. W. Ambrose is getting along fine with his house, although it will be several weeks before it is completed.

Mrs. G. W. Swinford of Maryville spent last week with her daughter, Mrs. Ernest Lyon.

Threshing and hay making seem to be the order of the day in this and surrounding vicinity.

Mrs. Henry Steincamp and daughter Macie of Tingley, Ia., were guests of Mrs. H. Mickelson last week.

Mr. and Mrs. Pete Peterson of Clyde were Sunday guests of Mr. and Mrs. Will Anderson.

B. M. Chandler made a business trip to Kansas City Monday.

## Boys, This is a Chech.

Chicago, Ill., July 11.—When you see five reddish spots in the human aura then propose.

The girl will say "Yes." At that time she is experiencing a rush of affection.

This advice to the lovers was given by Dr. Edwin B. Beckwith, in a lecture on the human aura, explained that the lovelorn young man must carry a sensitive screen of dikanin, through which to gaze at the girl.

If, looking through this screen, he sees lines that are pink and straight the girl is healthy and has for him a pure and beautiful love.

If this feeling is greatly intensified the five reddish spots will appear. If the human glow is pink and yellow with a red radiating from the head, the person is irritable.

If the light is green the person is crafty. All these and many more wonders were explained by Dr. Beckwith.

Mrs. Charles Kuchs of St. Joseph returned home Tuesday evening after a week's visit with Mr. and Mrs. Richard Kuchs. Her little daughter remained for a longer visit.

## For Cuts, Burns and Bruises.

In every home there should be a box of Bucklen's Arnica Salve, ready to apply in every case of burns, cuts, wounds or scalds. J. H. Polanco, Delvalle, Texas, R. No. 2, writes: "Bucklen's Arnica Salve saved my little girl's cut foot. No one believed it could be cured." The world's best salve. Only 25c. Recommended by the Orear-Henry Drug Co.—Advertisement.
